Re: Demolition of Building G, Campus of the Atlantic Cape Community College

Subject: Notice of Award; ACIA Board Resolution;  
AIA 101-1997 – Standard Form of Agreement

Dear Ms. DiNatale:

Please be advised that on June 19, 2006, the Board of Commissioners of the ACIA voted in favor of a contract award to Site Contractors for the above referenced project. The contract sum is in the not to exceed amount of \$18,450.00 with the accepted unit prices: (1) \$85.00/ton for removal and disposal of heating oil contaminated soils and (2) \$12.50/ton for additional backfill to replace the soils removed via unit prices #1.

This correspondence shall be considered your firm's "Notice of Award". A copy of the appropriate ACIA Board resolution is attached hereto.

In addition, we are forwarding six (6) copies of the Standard Form of Agreement, AIA 101-1997, for your review and signature. Please return all six to this office for full execution and dating by Mr. John C. Lamey, ACIA Executive Director.

It is requested that you contact your insurance agent for the generation of the ACORD Certificate and the policy endorsements called for in the Supplementary Conditions of the Project Manual (Section G, Pages G5 to G8).

When the contracts are fully executed and the insurance requirements are met, a "Notice to Proceed" will be issued to you by the ACIA.

The Authority looks forward to working with you on this project.

Thank you.

Sincerely,

Jerome P. Cormier  
Director of Projects
